## HONOR ROLL FOR 1939

Seventeen members of NAEB have actually crashed (or cashed) through with payment of dues for 1939, according to Treasurer W. I. Griffith. Others have payments in process. For example, we know of payments in process for WNAD and WOSU. But if you have over-looked this all-important matter please attend to it at once so that we may have 100 per cent payments by May 1. ## PLAN TO ATTEND NAEB MEETING IN COLUMBUS

As has been the practice for many years NAEB will hold a closed meeting in connection with the annual Institute for Education by Radio at Ohio State University. The Institute will be held May 1, 2, and 3 in Columbus. Be there. The NAEB meeting is scheduled for Monday evening.

## DON'T OVERLOOK THE PACKET

There is much valuable information exchanged via the NAEB packet. Don't fail to use it. The Ohio Radio Script Library listings are included with your April 1 "News Letter". NAEB members may borrow scripts on the basis listed in the bulletin. See what other NAEB members are doing - at WNAD, WLXAL, WILL, Kentucky, WLP, WBAA, KFKU, et al.

IMPROVEMENTS AT KWSC

Kenneth E. Yeend, Director of KWSC, State College of Washington, reports that a new Steinway grand piano now adorns the KWSC studios. Completing the renovation of the studios is a new rug and renovation of the wood-work.

SCRIPTS AT KFJM

Virgil Banning, Program Director of KFJM, University of North Dakota, reports that he has a large number of dramatic scripts on file which have been produced by the KFJM staff. They will be made available to NAEB members on request.

KWLC LICENSE SET FOR HEARING

Because KGLO, Mason City Globe Gazette Company, is requesting the facilities of KWLC, Luther College, Decorah, Iowa, and of KGCA, also of Decorah, the application for renewal of their licenses has been granted on a temporary basis only by the FCC and the whole matter set for hearing before the commission.

MORE FCC REORGANIZATION

The Federal Communications Commission has authorized the establishment of a permanent Office of Information, to be responsible for the collection and dissemination of information for the press and the public regarding the Commission's decisions and other matters and to have such other functions as the Commission may determine.

The Office of Information will be headed by a Director of Information and Special Assistant to the Chairman, with an Assistant Director of Information, and will embrace the work of the Information Office, the Information Reference Room, the Press Room, and related activities. Provision was made for it to function under and be responsible directly to the Commission, replacing the Press Section, a unit in the administrative branch.

The new setup will make permanent and extend the present information arrangements, set up by M. L. Ramsay, who was borrowed from the Rural Electrification Administration to study informational needs as well as conduct the information service temporarily. It is in line with recommendations made in Mr. Ramsay's final report. Mr. Ramsay's detail ended March 31.

WNYC AMENDED PETITION FILED

Mayor Fiorello H. LaGuardia, on behalf of the City of New York, licensee of Station WNYC, has amended the petition filed on August 24, 1938, requesting the amendment of Rules 177, 321, 1012(a) and 1052(a), which relate to high frequency and international broadcast programs. Since no date has been set for hearing on this Petition under its rules the Commission has automatically accepted the amendment to the Petition.

The City of New York (WNYC) seeks the right to rebroadcast certain programs of high frequency and international broadcast stations which may not be done under the Commission's existing rules. To this end it seeks an amendment of the rules so as to permit rebroadcasts of this character where the licensees of regular broadcast stations making the rebroadcasts are universities, other educational institutions, municipalities, other Government agencies or other non-commercial, non-profit organizations.
